

Architecture CBF Committee
Official Minutes of Thursday, March 8, 2007
Meeting started: 5:15pm

Attendees: Paul Cambon, Phil Cameron, Guillermo Perez, Cameron Robertson, Stephen Silva, LuLu Saleh, Vuk Pavicevic, Ryan Starr, Hochung Kim, Thomas Burnworth

1. Compiled a wish list:

- Printer, large plotter for just Arch students
- 25" x 36" Large Format scanner – all departments are in favor of it
- Anderson Anderson (Hearst Lecture) said that the laser cutter (or multiple) would be an asset to the department (already in Engineering Department)
- CNC router + faculty to run it + a class
- 3-D printer
- Support Shop (CAED tool):
 - Extend hours +
 - Tools +
 - Less student helpers and more experienced employees
- MRC upgrades:
 - Books and Magazines: look at Harvard book list and match up
 - Make list of books to tell Vicki and figure out which books have been stolen
 - Materials samples – Robert Arens could attend a meeting to give ideas about what materials we would need.
- Photo lab and photo class as an elective
- New chairs for studio
 - (Steel Case) possible provider
- New drafting tables and butcher-block tables that raise up and down
- Foam cutters (hot wire cutters)
- Celebrity architect
- Reducing the amount of money spent on core classes
- Workshops
- Buy materials in bulk and we can sell (an Arch store that has specialty items)
- Software licenses (CS3)

2. Talked about how to vote on passing MRC proposal

3. Next meeting:

- Next Tuesday @ 5pm @ MRC
- Decide what to research
- Vote on MRC proposal

Meeting adjourned: 6:00pm
