

Architecture CBF Committee
Official Minutes of Tuesday, November 4, 2008
Minutes Started at 11:08 AM

Attendees: Nick Pappas, Corey Kawamoto, Isshin Morimoto, Tom Einspahr, Ryan Starr, Pablo Sandoval, Scott McColl, Tiffany Carlson

- Isshin: Submits current CBF expenses
- Open Discussion
 - Money to get laser-cutter and router running?
 - Router is running!
 - Still need to install a ventilation system and fund small details
 - Ryan: need to get the word out about CBF and what has been done!
 - Use of stickers, posters, signs, emails, etc
 - We need to also get more input from students and faculty about what is actually needed
 - Have to be well informed so we can vote on issues appropriately
 - Past votes- still have follow up details to consider
 - What do we do if more that 20 students pass the LEED certification exam?
 - What about workshops?
 - We need to research the topic to help guide us
 - Follow-up issues with digital fabrication
 - Use of the router- not part of CAED shop
 - Need to make it more accessible for more students than just a few studios
 - Possibility of a full-time or part-time faculty member to manage and teach using the router?
- Creating of Sub-Committees to research issues
 - Plotter/Scanner Sub-Committee
 - Pablo, Nick
 - Need to work with CRS
 - LEED Workshops & LEED Students
 - Scott
 - Propaganda
 - Tiffany, Isshin, Tom
 - Need to implement soon- protect the things we already have and build interest in CBF
 - Digital Fabrication Tools
 - Tom, Corey, Isshin
 - Need to speak to Jim & Cabrinha
- Next meeting- not until the beginning of Winter Quarter. Be prepared to present sub-committee information

Meeting adjourned at 11:52 AM
